Party time

These are my booty-shaking must-haves for the festive season

Rimmel Sexy Curves Full Figure Mascara, R70

BEAUTY TIP
Avoid mascara on the bottom lashes – it can “pull” the eye area down, making you look tired and older.

BRUSH UP
I'm a huge fan of make-up brushes – they allow for a more precise, but natural make-up application. And, finally, I've found a quick and easy way to clean them! Clinique Makeup Brush Cleanser, R190

TATUM'S TWEAKS

Businesswoman and former Miss SA Tatum Keshwar shares why she went to the Melrose Aesthetic Centre for a beauty boost

What were your skin concerns? I was concerned about the condition and texture of my skin. Working long days and travelling had left traces of fatigue and dehydration and I could feel from inside that my skin was lacking its natural glow.

What procedures did you opt for and why? To improve my skin's condition, I'm undergoing regular superficial peels, which remove dead skin cells; mesotherapy, which injects vitamins and antioxidants into the skin; and Botox to reduce lines. These treatments aren't painful, can be done on a regular basis and leave my skin looking healthy, glowing and hydrated.

Your verdict? My skin's never looked this good and I have a more refreshed appearance.

The amazing thing about non-surgical treatments is that they improve your appearance without being invasive. An external pep can do wonders!

What are your beauty must-haves? I have a product for everything and I love them all! A great moisturiser, sunblock, facial cleanser and eye cream are essentials.

Where to go: The Melrose Aesthetic Centre in Melrose Arch, Johannesburg. Tel: 011 214 9940 or visit: www.age-less.co.za
